GOLF TOURNAMENT

Cougar Creek

ECAA

Electrical Contractors
Association of Alberta

THURSDAY, MAY 22ND

Cougar Creek Golf Resort is a championship length golf course that winds through the natural setting. Golf course architect Bill Robinson of Oregon designed this course to make the most of the beautiful treed and rolling terrain.

The immaculately manicured bent grass greens, tees and fairways are generously spotted with sand bunkers and most have water in play. Each hole is unique. The first eleven holes weave through the trees, holes twelve through fifteen open up and are somewhat links style, holes sixteen and seventeen go back into the trees and hole eighteen is open but watery.
